

Design theme: Self Assembly decorative product for a special event.

Study the Design Brief and the Design Specification below.

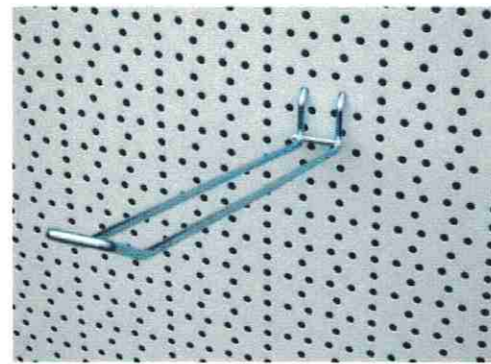

Design Brief: A national Hobby and Craft store want to market a pack of die-cut bunting suitable for a child's birthday. They plan to market them in a plastic bag with header card to hang on a wire hook in their stores.

Design Specification:

- The bunting needs to fit in a plastic bag 250 x 160 mm.
- The bag will need to have a card insert which on one side will have simple instructions on how to assemble the bunting and on the front, promotional information.
- The kit should be able to be put together by the purchaser.
- Specify any other component needed to complete the product

PEN/PENCILS/SCISSORS/GUPE!
SHAPES/LETTERS

In the spaces below show what your ideas are for the front and rear of the card insert.
